

**SEE WHAT MAKES JURALAW DIFFERENT FROM OTHER
CALENDAR MANAGEMENT SYSTEMS**

YOUR SYSTEM

OVERALL

- 40 years of docketing experience and over 12 years of being web-based. ✓
- Cloud-hosted by Amazon Web Services, one of the most secure and disaster recovery ready cloud providers. ✓
- Court rules across all 50 states, more IL court information than any other provider and complete NY court data. ✓
- Full integration with Outlook and NetDocuments®. ✓
- PACER/ECF dockets, deadlines and hearing dates. ✓

CUSTOMIZATION OPTIONS

- Case/matter and event fields can be named what you want so you can track what you need. ✓
- Outlook template can be tailored to deliver universal firm information. ✓
- Made-to-order reports can be built upon request. ✓

UNIQUE FEATURES

- Easy-to-Use Interface:
 - Multiple Case/Matter, Docket and Diary Event information fields. ✓
 - Multiple autofill fields save input time and increase accuracy. ✓
 - Generic non-litigation jurisdiction options for case/matters not yet assigned case numbers by the courts. ✓
 - Ability to mass assign or unassign attorneys/staff to cases. ✓

JURALAWYER MOBILE APP

- Saves attorneys and staff time. ✓
- Instant view of individual attorney’s docket calendar. ✓
- Provides event dates, times, room numbers and court information. ✓
- Allows for event outcome comments to be entered and shared with calendaring professionals. ✓
- All information is available in JuraLawyer if a firm’s Microsoft Outlook goes down or their system is hacked. ✓

PROACTIVE CUSTOMER SUPPORT

- Led by a docketer with over 13 years of large law firm experience. ✓
- Timely response to user questions via email or phone. ✓
- Tracks law firms’ and corporations’ JuraLaw users and blocks those who have departed to ensure system security. ✓

SUBSCRIPTION INCLUDES

- Unlimited training. ✓
- Dedicated account manager. ✓
- Unlimited customer support. ✓
- JuraLawyer mobile app. ✓
